PROFESSIONAL SUMMARY

Final-year B.Tech student at VIT Bhopal (CGPA 8.4+) with strong communication and interpersonal skills, built through real-world business exposure supporting a family business — engaging directly with customers, negotiating deals, and understanding pricing and margins. Brings a user-centric, problem-solving mindset and a genuine interest in product management and customer-focused solutions, shaped by experience coordinating across teams and mentoring peers.

CORE SKILLS

Interpersonal & Leadership: Communication, Leadership, Teamwork, Problem-Solving, Customer Understanding, Adaptability, Stakeholder Coordination, Negotiation, Event Management, Presentation Skills, Time Management, Critical Thinking

Data & Business Analysis: Data Analysis, SQL, Exploratory Data Analysis (EDA), Power BI, Excel, Market Research

EXPERIENCE

Cloud Operations Intern — IntMavens Infotech Pvt. Ltd. *April 2025 – June 2025*

- Coordinated with cross-functional teams to troubleshoot issues and validate that solutions met requirements.
- Supported release workflows, ensuring smooth handoffs and clear communication between teams during each cycle.
- Authored process documentation to support team knowledge-sharing and ongoing operations.

Family Business Support — Family-Run Business *Ongoing*

- Interacted directly with customers, managing inquiries, orders, and after-sales support.
- Handled pricing discussions and negotiations, developing a practical understanding of margins and profitability.
- Navigated real-world business challenges — from demand fluctuations to customer complaints — building resilience and sound decision-making under pressure.

LEADERSHIP & VOLUNTEERING

Core Team Member — Blockchain Club, VIT Bhopal

- Contributed to organizing club events and initiatives, coordinating closely with a cross-functional student team.

Core Team Member, Social Media — CyberWarriors Club, VIT Bhopal

- Managed the club's social media presence, helping grow engagement and visibility for events.
- Collaborated with fellow team members to plan and promote club initiatives.

EDUCATION

VIT Bhopal University — B.Tech, Computer Science Engineering (AI/ML Specialization), 2023–2027

CGPA: 8.45 / 10

Madhya Pradesh Board of Education — Class XII, 2023

Percentage: 88.4%

Central Board of Secondary Education — Class X, 2021

Percentage: 91.2%

PROJECTS

Retail Sales Analysis & Forecasting | 2025

- Analyzed 9,800+ transaction records across 18 attributes for a retail business, uncovering that the West region led sales, Technology was the top-performing category, and the Consumer segment drove the most revenue.
- Refined the underlying data by removing statistical outliers, improving forecast accuracy by nearly 4x and overall model fit by 3x — enabling more reliable sales predictions.
- Designed an interactive dashboard to present these insights clearly to stakeholders for sales planning and decision-making.

Smart Attendance System | 2025

- Designed a contactless attendance system to replace manual, error-prone tracking, enabling real-time logging for large groups.
- Built a bulk-registration process to onboard users in batches instead of one by one, significantly reducing manual administrative effort.
- Enabled attendance reports in multiple export formats to support easy record-keeping for administrators.

ADDITIONAL HIGHLIGHTS

- Strong business acumen developed through hands-on involvement in a family business.
- Direct experience engaging with real customers and understanding their needs.
- High ownership and responsibility across academic, business, and community commitments.
